

Ref: A02200 ANTI-GRAFFITI/ANTI-POSTER PREVENTIVE QUICK 5L

Protects surfaces from graffiti and prevents posters from adhering.

- ✓ Non-chlorinated solvent
- ✓ Paraffin-wax formula
- ✓ Silicone-free

SPECIFICATIONS

Density: 0.76 +/- 0.2

Odour: Hydrocarbons

APPLICATION

Combat graffiti and illicit billposting: leaves a transparent, invisible film on surfaces that prevents posters sticking to surfaces including wood, plastic, metal, coated paper, glass within several hours after application.

Protects surfaces, particularly porous surfaces such as stone or concrete, against ink or paint and atmospheric pollution. Treated surfaces are easier to clean.

Coverage: 5 to 10m² per litre, depending on surface condition, application method and type of graffiti.

Period of protection: 6 months to 1 year.

For outdoor walls and facades. Provides preventive protection against dampness and graffiti, paint, etc. with a shiny and homogeneous transparent paraffin film on the surface. Graffiti sticks to and does not penetrate the film, making it easy to rinse off.

RECOMMENDED FOR

- Local authorities,
- Municipal services
- Industrial sites
- Cleaning companies for indoors and outdoors: smooth walls, phone booths, roller shutters, elevators, concourses (stations, underground rail, malls, etc.), railway wagons, road signs, etc.

INSTRUCTIONS FOR USE

Shake before use.

Apply with a brush or spray bottle Dries in several hours.

Anti-poster: the surface must be clean and dry. For porous or semi-porous surfaces, apply 2 coats.

Anti-graffiti: apply to dry surfaces. For porous surfaces, apply 2 coats. Wait for the first coat to dry before applying the second coat. To remove graffiti, use soapy water and a brush or high-pressure jet washer between 100 and 140 bars.
