APPLICATION

One-shot air purifier with mint fragrance for a fresh atmosphere.

Disinfects all washable surfaces and purifies air. Destroys bacteria and prevents the development of mold, yeast and fungus. Effective against enveloped viruses like Coronavirus, H1N1 etc.

For use in hospitals, clinics, schools, retirement homes, hotel rooms, nurseries, changing rooms, offices, public spaces, public transport, etc.

Destroys repulsive odours in premises before the arrival of new tenants, bin storage areas.

1 aerosol of 150 mL can treat up to 30m² (75m³). For areas smaller than 18m² (45m³) it is preferable to use the 75 mL aerosol.

Do not overdose. Comply with volume recommendations. Do not use in an area under 3m³.

RECOMMENDED FOR

- Schools
- Cleaning companies
- Local authorities
- Hospitals, nursing homes, medical facilities

INSTRUCTIONS FOR USE

Switch electronic devices off and put out flames or any other heat sources (boiler, etc.). Close all windows, inside doors and cupboards. Remove food and cooking equipment and utensils.

Do not use in the presence of children and pets. Place the aerosol in the center of the room.

Press the tongue until it is blocked. Product is diffused. Leave the room and shut the door; The fogger continues until empty.

Leave to take effect for at least 15 minutes. Air the room for at least 1 hour before returning.
