

Ref. A18673 COOLING FOOD SPRAY 500ML KING

Instantly cools products made with sugar or chocolate.

- ✓ **Tasteless**
- ✓ **Nozzle with extension tube for precise application**

APPLICATION

Assemble products made with sugar or chocolate using instant cooling food spray.

Give the final touch to decorations and sculptures for competitions and professional window displays.

Cools chocolate quickly for assembly.

Sets sugar for creating cocktails.

The nozzle with extension tube is ideal for precise application.

RECOMMENDED FOR:

- Restaurants
- Cake shops
- Chocolate makers
- Caterers

INSTRUCTIONS FOR USE

Place the extension tube in the hole in the nozzle. Spray with short bursts on the surface to be cooled.
