

ANTI-GRAFFITI PREVENTION

Ref. A25356 - 5 L

QUICK[®] TECH

CLEANING AND STRIPPING

Anti-graffiti emulsion that protects surfaces from markings and prevents posters from sticking.

- Anti-graffiti and anti-humidity protection
- Contains no Volatile Organic Compounds (VOC)
- 0 pictogram

APPLICATION

Recommended for semi-porous and porous materials used in construction, such as brick, concrete, cement, rock, etc.

This watery paraffin and silicone emulsion can be used on any surface:

- wood, plastic, metal, coated paper, glass, and more – after drying, it leaves a transparent and invisible film that prevents posters from sticking.
- prevents atmospheric pollution and ink/paint markings from sticking to porous surfaces such as rock or concrete.

Provides preventive protection against graffiti, paint and more, as well as against humidity thanks to the homogeneous transparent paraffin-based film it leaves on surfaces. Graffiti sticks to the film without going through it, making it easy to rinse off.

Excellent barrier effect against water, large coverage capacity. May leave a slight shine on the treated surface.

Specifications:

- Base: Aqueous
- 20°C drying time: 30 to 40 min. until forming a colorless film.
- Coverage: 1 L covers 5 to 10 m² (depending on surface type).
- Protection period: 6 months to 1 year.
- Storage: Store away from light between 10 and 30°C

RECOMMENDED FOR

- Local authorities
- Municipal services
- Industrial sites
- Cleaning companies, indoors and outdoors

PACKAGING

Packaging unit (PU): 5 L drum

Sales unit (SU):
Box of 2 units

Pallet size:
160 units – 80 boxes

INSTRUCTIONS

Shake before use.

Spray or apply a thin layer using a roller or brush on a clean and dry surface. Ideally, apply a second layer (wait until the first layer has fully dried).

To get rid of markings, use pressurized water or a soapy and hot solution, then scrub using a brush (if needed).

REGULATIONS

FOR PROFESSIONAL USE ONLY.
Hazardous. Follow precautions for use.

*Refer to the safety data sheet (SDS), available upon request.
Our data sheets are prepared with current knowledge and are subject to modifications.
